

tp	True positive predictions, i.e., correctly predicted positive samples
fp	False positive predictions, i.e., incorrectly predicted positive samples
tn	True negative predictions, i.e., correctly predicted negative samples
fn	False negative predictions, i.e., incorrectly predicted negative samples
Precision	How many of all predicted positive samples are actually positive
Recall	How many positive samples are correctly predicted as positive
F1-score	The harmonic mean of precision and recall (their balance)
